Mike A

I am 62 years old, so I have been to many dentists over the years. This is the best dentist experience I've ever had! Can't find one thing wrong with this operation. Sincerely friendly staff. Compassionate, professional, highly qualified, conscientious dentists. Impressive state of the art equipment. Relaxed, pleasant office environment. Would recommend them for all ages.

*Dr.K and staff were very nice and caring. Dr. K is
nice and patient and explains what he will be doing
every step of the way. I also love the fact he believes
in preventative measures. Just so happy my family
has such a wonderful dental experience every time.*

AT YOUR FIRST VISIT

We will obtain all the pertinent information that we need from you to serve you best. In preparation for the first visit, please be prepared to give a full medical history and list of medications that you are taking. For your convenience, you can print new patient forms from our website, then fill them out and bring them to your first appointment. At the same time, you can take a look at our online patient education section and also review our doctor's resumes to familiarize yourself with them.

Your first visit to Valley View Dental will establish a vital foundation that we hope will become a lifelong relationship!

We strive to improve the quality of our patient's lives by providing dental care that is consistent with your needs.

Valley View Dental wants to help you maintain lifelong health.

New patients are always welcome.
