## Fresh & Natural

Because we believe what's **not** in our food, is just as important as what is.

We opened our first SOLOS location in 2007 because we believed there was a better way to make pizza. Our loyal customer following tells us we were right.

We still continue our pursuit for a "better way" by offering a growing selection of healthier, more natural ingredients that are:

**Nitrate Free • Hormone Free  
Antibiotic Free • Preservative Free.**

*Plus we've added:*

**Organic red sauces, more whole grains, and more locally sourced ingredients.**

Being one of the first to offer more natural pizza ingredients has been quite an undertaking... but we think you're worth it!
