Dear Joe,

For months now I have wanted to send you a note of gratitude. Your time and patience with Centurion Services & me have been greatly appreciated. You came to see me, you listened carefully and fulfilled the objective of getting me the calls I needed at an acceptable price per lead. Your desire to make all the puzzle pieces fit speaks volumes.

My relationship with SaveOn began over 35 years ago with Mike Gauthier and his Marketplace Magazine. Mike's vision, the quality of the media and his strong marketing knowledge helped me confidently build a multimillion dollar service business in South East Michigan. Our consistent presence in SaveOn is the "centerpiece" to our marketing plan even now in our 40th year in business. And even though 80% of our business comes from repeat & referral sources, SaveOn helps us keep filling the funnel. We get hundreds of trackable calls each month from this effort. We know what, where and when it works.

Everyone at SaveOn that I have had the pleasure to meet or work with has been professional, polite and eager to please. This culture that exists at SaveOn generates confidence in all of your clients. We never fear that a deadline will be missed or an ad will be wrong. These are small things that make all the difference in our success story.

Thank you again and again,

Kathyann M Keiper
